

Tired of Speeders Through the Neighborhood?

Are you tired of people speeding through our neighborhood? Want to do something about it?

If you see it happen and can catch the make/model of the vehicle and even perhaps the license plate, there is something you can do! You can report the incident to the Snohomish County Sheriff's Dept via their Traffic Complaint Form.

It does work! A few others have made reports and as a result the Sheriff's Dept does patrol here. I have witnessed a speeder get caught rolling around the corner of 12th Drive and 185th by a deputy. Woo-hoo!!

Where do you find this Traffic Complaint Form? Go to our web site at foxwoodmeadows.com, click on the Community tab and the form is near the top of the list. This form also works when the towing company on 183rd accumulates too many vehicles – again, it has worked!

So the next time you witness a speeder zipping through our neighborhood and you catch the vehicle make/model and perhaps even their license plate (even a partial), use foxwoodmeadows.com to send in a Snohomish County Sheriff's Dept Traffic Complaint Form. It works!
